1 Conduct

1.1 General

When representing the League at matches (as a player or spectator) or at meetings or functions, or using electronic media such as Email, Bulletin Boards etc., members must not behave in a manner which may bring the League into disrepute or in any way tarnish the League's image, nor in any way which may cause embarrassment or offense to other League members, members of other Leagues or clubs, or to the general public. Any Such Action(s) will be treated as grounds for disciplinary action.

1.2 Umpiring

The use of neutral umpires is mandated for all fixtures that count toward points or position in League competitions. During matches, the decisions of the umpires are to be respected. At no time should a player dispute a call. If a player is dissatisfied with a call, they may respectfully request the umpire's reasoning. If a player feels unfairly treated, they must route all complaints through their captain. Failure to comply with this will be considered grounds for disciplinary action. All complaints and issues to do with neutral umpires, be it failure to appear or competence should be addressed to the Executive Committee in writing. The Executive Committee will then adjudicate on the matter and pass judgment within two weeks of the complaint. Attending umpiring clinics is mandatory for all umpires. It is mandatory for both umpires to pass a certification test. It is the responsibility of each team to ensure that the team has at least three (3) main umpires.

In case of last-minute venue changes, umpires will be penalized for no-show only if they are not informed (in person):

By 7:30am on game day, in case of changes due to weather. At least 24 hours in advance for all other reasons.

1.3 Complaints

Members with a complaint about some aspect of the League's affairs should not discuss such complaints openly at matches. Such matters should be directed in writing to the Secretary for due process.

2 Complaints and Disciplinary Action

2.1 Disciplinary Process

Any Club, team or individual may initiate the disciplinary process. They should do so by submitting written details of the complaint to the League Secretary within two weeks of the incident. The details must include, when applicable, the names of the teams playing, the name(s) of the plaintiffs, the name(s) of all the parties involved and any witnesses, the date, time and location of the incident(s) and a full description of the facts. A copy must also be sent to the accused party or parties and their Club (if members).

2.2 Review

The Management Committee shall review the complaint to determine whether disciplinary action should be taken against a member or members as a result of breaches of the League's Constitution or Bye-Laws or of the League Rules. Such disciplinary action might include removal from Office, suspension of membership (for a specified period or indefinitely), a suspension of playing privileges (for a specified period or indefinitely), a fine, and / or a reduction in competition points. Before any such action is implemented, the matter must be discussed at a Disciplinary Session of a Management Committee meeting.

2.3 Disciplinary sessions

Any member against whom disciplinary action is contemplated at a meeting of the Management Committee shall be invited to attend that portion of the meeting in which the member's behavior and the resulting disciplinary action are discussed, in order that they might plead their case. A member against whom disciplinary action has been taken shall have the right to request in writing, a re-hearing at a second Committee meeting. Such meetings shall be held no less than two weeks and no more than six weeks from the time of receipt by the Secretary of this request. During the period between the Management Committee meeting at which the disciplinary action is decided and the second Committee meeting to consider an appeal, the disciplinary action shall continue in force.

2.4 Repeat and persistent offenders and plaintiffs

Any members who are persistently and /or repeatedly subjected to disciplinary action may be dismissed from the League permanently by vote of the Management Committee. Any club which persists in making unfounded complaints may also, at the discretion of the Management Committee be subjected to disciplinary action.

Any club whose member(s) are the subject of more than two occurrences of disciplinary action in one season, or three occurrences over two consecutive seasons must reapply for membership within three weeks of the latest incident.

The application must be accompanied by any monies levied as fines on the club and/or members plus any escrow amounts outstanding.

On receiving the application, the League Management Committee may take the nature and severity of the occurrences into account when deciding whether to allow the club back in. If a club is not re-admitted, all monies paid to the League are forfeited, all games against that club for that season are null and void, and all points, runs and wickets from such games shall be discounted from all records.

3 Tours

Places on League tours shall be given preferentially to League Members, but non-members shall be permitted to make up the numbers if insufficient members sign up for the tour. If there is a limit on the number of people who can be accommodated on a tour, places shall not be committed firmly to non-members until six weeks before the tour. Members selected for tours will be required to advance a deposit towards the cost of the tour. This deposit will only be refunded if the member cancels more than six weeks before the tour. Within the six weeks, if a member cancels, a refund may be made at the discretion of the Management Committee. If the League has raised funds or sponsorship to reduce the cost of a tour, non-members shall not participate in the benefits of such activities.
