CACU Report

Achievements

- Level 1 Certification on 3/29/14. Anwer Shahabuddin from Dallas conducted the clinic. 29 attended and 25 were certified.
- CCL umpire trainers conducted clinics at various locations.
- Certified 30 new umpires. Total 122 certified umpires in CCL.
- Approved a budget of \$1000 for CACU. Used \$550 on certification and increased compensation for Level 1 certified umpires. CACU paid \$340 towards the difference. Current balance of \$156.64
- Successfully scheduled and umpired 80 games.
- Unable to provide umpires for 3 games.
- Reviewed umpires reports and accounted for 4 disciplinary issues.
 - 3 Level 1 offenses
 - 1 Level 2 offense
- Applied \$1470 in fines for various offenses.

Challenges

- Goal should be to get every player certified
- Expand level 1 certification
- Teams must take umpiring seriously. Cannot back out of umpiring.
- Tennis league is there to stay. Many players play in both leagues. Must work with them closely in scheduling CCL games.
- Review the disciplinary action process. Should CACU-EC get involved in incidents that take place in games they are playing in? Enable captains and umpires to have a conversation at the end of the game, so that there are no surprises in the reports.

Ball Selection Process

- Summary
 - Most of the leagues we been in touch with seem to be using a specific 4-piece ball - the CA.
 - The supplier is based out of Texas and deemed very reliable.
 - The cost/ball is ~\$15 (It can come down to \$12 if ordered in bulk)
- We cannot expect to introduce a new ball without trying out the ball in a competitive setting i.e., during a tournament/game as opposed to handing out balls to be tested during practice sessions.
- We DEFINITELY have to be ready to take the plunge and move to a 4-piece ball like other leagues.
- The quality of balls - ability to withstand Colorado weather, 40 over games etc.. have been partially addressed as the leagues based out of Nebraska, Arkansas and North Texas have vouched for the quality of the balls. We can provide the contact details.

- Cougars planning
- Youth Cricket
- Sponsorship – dependent on 501 3c
- Infrastructure (grounds, practice facility)
- Separate Award ceremony and keep it closer to end of season
- Have AGM early on the year so teams get enough time to plan
- LMC and its role
