BCC		
	Being part of USACA (common proposal)	This is a common proposal and please check the details above in the USACA section of this document
	Season Format (common proposal)	This is a common proposal and please check the details above in the season format section of this document
	3. Umpiring (supporting FRCC's proposal and other) CACU shouldn't certify any individuals during the mid-season, unless it is at a scheduled umpiring clinic by CACU or league.	This proposal was unanimously passed
	Cougars:     Limit the term for the Cougars managing committee members like we do for other CCL offices and encourage other people.	This proposal was NOT passed Y:7 N:15 A:4
	5. Helmets (supporting Ray's proposal)	This proposal was NOT passed

6. Game Balls: Stick with KB game balls and not opposing to test different ones.  Only suggestion here is, if we are going to try a new ball at our practice games, please don't schedule or play at Longmont since we were not able to test the SG test balls last year since the ball was hit in to the creek after 4 or 5 overs.	
7. CCL Game timing: Start 40/40 games at 9:30 am	This proposal was NOT passed Y:3 N:21 A:2

CCB		
	1. Ball Evaluation: Unlike last year, all clubs should have an equal opportunity to evaluate the same brand/type of ball before making a final decision. 2/3 of majority vote from the active clubs should be required to change the ball that we use today	Dropped by CCB
	2. Umpiring: CACU should take the complete responsibility of providing neutral umpires for the game. This should be done by pool of volunteers like Suresh. If this is not possible and the clubs are still responsible for providing umpires, then some sort of penalty should be assessed on the clubs that do not send umpires. It's not fair for clubs that make all effort to send umpires and some clubs don't send umpires.	Dropped by CCB
	3. Awards: In the spirit of giving back the to the game of cricket, CCL should only consider players who have umpired at least once in the season for any awards.	This proposal was passed Y:19 N:7 A: 0
	4. Family Days:  More family days should be incorporated into the schedule to give chance for family members and friends to enjoy the game.  This is important for growing cricket in Colorado.	CACU scheduler will follow up with the interested clubs based on the schedule.
	<ol><li>Elections to Various CCL offices should be confidential</li></ol>	This proposal was passed Y:19

	N:7 A: 0
Colorado Sixes (supporting LCC's proposal)	Dan and Ramesh from LCC have provided the information at the AGM and interested club(s) or individuals can contact them for further details
7. Non active members taking part at AGM	Dropped by CCB

	Season format, schedule and tournaments	This is a common proposal and please check the details above in the season format section of this
	<b>a.</b> All tournaments should be along the lines of the professional leagues (NBA, NFL). Have a league phase and then the play-offs phase. Have home-field advantage.	document
	<b>b</b> . Let AGM decide the format and schedule.	
	<b>c.</b> Let there be only 2 tournaments - 40-40 and 20-20. Whether they run in parallel or not can be decided at the AGM.	
	<b>d.</b> No more knock-outs. Doesn't make sense except to increase the 'quantity' of cricket we play	
	<b>e.</b> This addresses two champions at the end of the season. More bragging rights.	
	<ol> <li>CCL Calendar         <ul> <li>a. Every year, the AGM will be held on the second Saturday of November.</li> </ul> </li> </ol>	No changes and continue with the rules we have place as per the ccl_general_rules, by-laws (documents can be found on the
	<b>b.</b> The First 'game' of the season will be on the First Saturday of May.	CCL website)
	<b>c</b> . the Last 'game' of the season will be on the Last Saturday of September.	please check the details above in the season format section of this document about start and end of the season etc.
	d. An EGM, if necessary, will be on the Third Sunday of July.	
	3. Tentative Proposal:  Based on some guidelines - for example, 4- piece, brand - Kooka, SG, CA, Duke, leave it to the teams to order their own balls.	This is a common proposal and please check the details above in the "Change of the ball" section of this document
	If Team-A and Team-B are playing a game, then Team-A will bowl with Team-B's ball and vice-versa. If teams get 'rocks' then their batsmen will break their bats. Justice served ;-).	
	Let's have a discussion and form a clear proposal.

FRCC		
	1. Player's dissent at an umpire's decision.	Dropped by Tej Kiran

We try and follow many ICC rules, let's try and do that here too. Accepting umpire's decision is a part and parcel of the game. We should not entertain "any" sort of dissent by the player. Player given out, he walks out (period)  If the player shows "any" dissent, even ask a question, the umpire should be given the right to - hand over a 1 game suspension OR - monetary fine (LMC can decide)	Members can refer to section 1.3 (Complaints) and section 2 (Complaints and Disciplinary Action) of the CCL general rules.  But can be discussed at LMC level. (EC to provide the current rules)

LCC		
	1. Scheduling /Format (common proposal) So our suggestion is to have one F40 (split format as we used to have for players to take a breather and their body to heal a bit) and then have a IPL style T20 in between where there could be trading, to keep simple have "fake" money or even better if we can find sponsors to have real price money etc. Details can be worked out by this sub-committee	This is a common proposal and please check the details above in the season format section of this document
	2. Game ball: (common proposal).	This is a common proposal and please check the details above in the "Change of the ball" section of this document
	3. USACA (common proposal).  We feel considering long term interest of keeping cricket alive and praying one day we all can go and watch a T20 game here in Denver, LCC supports carrying on the extended relationship with USACA and do what it takes	This is a common proposal and please check the details above in the USACA section of this document
	4. Sponsoring coaching & umpiring certifications  a. CCL can start investing on some coaching clinics for coaches useful for Cougars and same with umpiring certifications etc.  b. Umpiring quality has to be improved; clinics, scheduling of games possible	CACU should purse in to these options.  Please check the details above in the umpiring changes/suggestions section of this document

	reasons for degradation	
	reasons for degradation	
	<ul> <li>c. Disciplinary rules should be followed as per ICC rules. CACU or extended committee can take action on the complaint launched</li> <li>d. Umpires should wear some standard attire if players can and are doing it.</li> </ul>	
	e. Suggestion of bringing in a 3rd umpire; CACU has a pool of senior/retired/interested folks who love to umpire and they get paid a bit more than the regular umpire.	
5.		Dan and Ramesh from LCC have provided the information at the AGM and interested club(s) or individuals can contact them for further details.  Dan will work with CCL-EC regarding youth cricket.
